SUMMARY

Results-driven biotechnology student with a proven ability to deliver high-quality research and educational outcomes. Skilled in data analysis, laboratory techniques, AI applications, and mentoring diverse groups. Seeking opportunities to apply technical expertise and leadership skills in research, education, or industry roles.

WORK EXPERIENCE

Internship | Agilus Diagnostic (Fortis Hospital), New Delhi **May 2025 - July 2025**

- Rotated through hospital laboratories, gaining comprehensive experience in Microbiology, Histopathology, Hematology, and Biochemistry.
- Improved microbial strain identification accuracy and performing AST and MIC testing.
- Authored a paper on antibiotic resistance in gram-negative bacteria from urinary tract infections.

Research Trainee | Amity University, Noida **May 2024 - till date**

- Authored a term paper on 'Future Horizons: Emerging Trends and Innovations in AI-driven Healthcare Diagnosis'
- Also authoring a review paper on 'Deep learning approaches for antibiotic resistance gene prediction'

Intern Educator | Umeed - A Drop of Hope (NGO), New Delh **Oct 2024 - Jan 2021**

- Taught and mentored 30+ underprivileged children in slum areas (aged between 3 and 15 years).

EDUCATION

B. Tech Biotechnology -Amity University, Noida **July 2022 - May 2026**

Senior Secondary - Cambridge School, Srinivaspuri **April 2020 - March 2022**

SKILLS

Technical Skills:

- Genomics & Bioinformatics: Gel Electrophoresis, PCR, NCBI/ENSEMBL database usage
- Laboratory Techniques: AST (Disc Diffusion, MIC Determination), Gram & Acid Fast Staining,
- Programming & Tools: Python, R, Microsoft Excel, Java, C, C++

Research Skills:

- Scientific Writing and Documentation, data Interpretation and statistical Analysis

LANGUAGES

English (Proficient) • Hindi (Proficient) • Bengali (Advanced) • French (Advanced)

CERTIFICATIONS

- 5th year Kathak Prayag Sangeet Samiti, Allahabad
- SOAR - AI to Aspire Microsoft, Recognized by NCVET (Skill India)
